

ENGINEER – WILLIAMSVILLE, NY

National Fuel Gas Company (NYSE: NFG) is a multi-billion dollar diversified energy company with corporate headquarters in Williamsville, New York and division operations in New York, Pennsylvania, Texas and California. National Fuel's history dates to the earliest days of the natural gas and oil industry in the United States, and the Company has been responsible for many industry firsts.

National Fuel is currently seeking an **Engineer** for an outstanding career opportunity at our corporate headquarters in Williamsville, NY. As part of the National Fuel team, the successful candidate would enjoy a career in a strong and growing company.

The **Engineer** will serve as an integral member of the team that is responsible for ensuring the safety and integrity of our natural gas pipeline system. The successful candidate will be responsible for the following functions within their assigned geographic territory:

- Natural gas pipeline system design and modeling
- Project design and management including oversight and coordination of project layout, alignment and scheduling
- Material and equipment specification
- Bid preparation and project engineering support for construction
- Project cost estimates, payment approvals and post project cost analysis
- Technical support of Field Operations and other corporate departments with engineering design work and analysis

This position requires a Bachelor of Science degree in an Engineering discipline. Mechanical Engineering is preferred. Strong written and verbal communication skills, analytical skills, multi tasking abilities and customer service skills are required. The ideal candidate will have previous construction and/or project management experience. A working knowledge of pipeline operations is desirable.

National Fuel offers a competitive salary and a comprehensive benefits package. Any candidate offered a position with National Fuel will be required to successfully complete a pre-employment drug test. For confidential consideration, please submit your resume, cover letter and academic transcripts by July 30, 2017 to:
