

PIPELINE INTEGRITY ENGINEER – WILLIAMSVILLE, NY

National Fuel Gas Company (NYSE:NFG) is a diversified energy company with its headquarters in Williamsville, New York. National Fuel Gas Distribution Corporation is currently seeking an **Engineer** for an outstanding career opportunity at our **Williamsville, NY office**. As a member of the National Fuel team, you will enjoy an exciting and challenging work environment where top performance is recognized and rewarded.

National Fuel is looking for a skilled and highly motivated Engineer to serve as an integral member of the Pipeline Integrity team that is responsible for insuring the safety and integrity of our natural gas pipeline system and facilities. The successful candidate will be involved in the following activities:

- Review and analysis of the physical attributes associated with the natural gas distribution system and the identification of risk factors and threats to the integrity of the system
- Determination of preventative and mitigative measures to reduce overall risk to system facilities
- Development and maintenance of systems and processes used to maintain compliance with regulatory requirements
- Database development and system integration for integrity and risk related data
- Engineering and risk analysis of integrity related GIS (Geographic Information Systems) data

This position requires a minimum of a Bachelor's degree in Engineering. Degrees with concentrations in Electrical Engineering, Mathematics, Programming, and/or GIS are preferred. The successful candidate must demonstrate strong oral and written communication skills, proven technical abilities and strong computer skills. System development, data analysis and strong programming skills are essential. System development, data analysis and strong programming skills are essential. Experience with Python, Visual Basic (for MS Office applications such as Access and Excel), and ESRI Model Building are desirable. The ability to successfully work independently as well as within a team environment is required. Exceptional time management and multi-tasking abilities are essential to success in this position.

National Fuel offers a competitive salary and a comprehensive benefits package. Any candidate offered a position with National Fuel will be required to successfully complete a pre-employment drug test. For confidential consideration, please submit your resume, cover letter and academic transcripts by May 4, 2017 :
