

## NETWORK / FIREWALL ENGINEER - WILLIAMSVILLE, NY

National Fuel is currently seeking a **Network / Firewall Engineer** for an outstanding career opportunity in our **Information Technology** department located at our corporate headquarters in Williamsville, NY. The successful candidate will become a member of our Core Services team which own National Fuel's network and compute infrastructure and will be responsible for delivering efficient, highly available, scalable and recoverable networking infrastructure services to the corporation. As a member of the National Fuel team, you will enjoy an exciting and challenging work environment where top performance is recognized and rewarded.

### PRIMARY RESPONSIBILITIES:

- Design, implement and manage the Company's core networking infrastructure insuring effective, efficient, and resilient performance
- Manage corporate network segmentation and micro-segmentation topologies
- Troubleshoot network problems, particularly as they relate to segmented micro-segmented issues
- Develop and enforce segmentation standards
- Secures network system by establishing and enforcing policies and defining and monitoring access
- Manage the ongoing maintenance, security and availability of core infrastructure based on business requirements and adhering to tight operations, security, and procedural models
- Responsible for mentoring junior team members, developing ITIL procedures and best practices standards

### MINIMUM QUALIFICATIONS:

- Bachelor's degree
- Exceptional analytical and problem solving skills with strong technical competencies
- Ability and desire to research new technologies and concepts
- Initiative, professionalism, excellent leadership, interpersonal and communications skills
- Ability to work independently and in a team environment
- Fast and independent learning capabilities
- Well organized and self-motivated with strong customer service, project, and analytical skills
- Five years of Firewall Administrative experience in a complex, multi-segmented networking environment

### PREFERRED QUALIFICATIONS:

- Bachelor's degree in Computer Science, Management Information Systems, or related field
